Subject: Mallinckrodt vs. Allied Chemical Metropolis Facility
Attachments: DOE FACILITIES _FED REGISTER.pdf

Mr. Nelson and Mr. Secretary,

I have yet to receive a response from Mrs. Brock to the below email. Now that the Department of Energy (DOE) has provided documentation of the existence of contractual arrangement between DOE (AEC) and Allied Chemical/ Honeywell (ACH), as was the case for the Mallinckrodt facility located in St. Louis, Mo., will you intercede and confirm that DEEOICP is required by the EEOICPA to provide Part E claims benefits to ACH employees who were considered as both DOE and AWE employees for the purposes of the EEOICPA?

MEETING WITH HEADQUARTERS PERSONNEL REGARDING ALLIED CONVERSION CONTRACT

On November 23, 1973, I met with George Quinn, Ace Schwennesen and Bill Devine to discuss the position which Oak Ridge plans to take in negotiations with Allied and to ascertain what commitments may have been made at the Headquarters' level to Allied.

PRIVATE CONVERSION OF AEC CONCENTRATES TO UF₆

Mrs. Brock,

Could you help explain to the Secretary of Labor Thomas Perez, Senator Richard Durbin, Bill Houlihan and Ms Kappy Scates, how Mallinckrodt Chemical Co. nuclear workers located in St. Louis qualified as DOE facility employees after performing work on behalf of the AEC, while Allied Chemical (Honeywell) nuclear workers also performed work on behalf of the AEC, but in addition on behalf of ERDA, and the Department of Energy, but are somehow not considered as both "Atomic Weapons and Department of Energy Employees" entitled to both Part B and Part E compensations and medical benefits?

Please don't use the same excuse as the DEEOICP Director that these Allied Chemical cold war soldiers who were "Atomic Weapons Facility employees" are not considered to be entitled to EEOICPA benefits, since they did not work on behalf of the Department of Energy (or a predecessor agency such as AEC). Will you be assisting claimants in obtaining copies of the DOE contracts with the Paducah Gaseous Diffusion Plant transporters that confirmed DOE signed transportation papers as the "Shipper?"

Gary S. Vander Boegh
